This template gives you the guidelines and should be used for preparing your one-page abstract for ICFPM 2019. All margins (left, right, top and bottom) must be 2 cm. Type your main text as single-spaced in 11-point Times New Roman. All paragraphs should be indented, and the text fully justified [1]. Do not place additional blank lines between paragraphs. You are free to include tables and figures as far as the complete abstract adjusts to one page [2].

Please, upload your abstract in PDF format.
